## **Foreword**

Section 36 of the Local Government act 1997 devolves planning powers to the Local Councils. The planning process therefore becomes more participatory as opposed to the earlier centralized system where a few Technocrats dominated the process. This did not enable pressing needs of the communities to be clearly highlighted. The district Budget Conference provides a platform for all stakeholders to participate in the planning and budgeting process through declaring resources available from all sources for implementing prioritized activities in the District Integrated Workplan. The Output from this Budget Conference feeds into the Local Government Budget Framework Paper Document and ultimately the guiding document for the Annual Workplan and Budget.

The implementation of priorities highlighted in this Local Government BFP will propel the District towards achievement of its Vision, Mission and Goal. The participation of all stakeholders including Central Government, Donor Community, key development partners, political leaders and technical staff by collectively putting their resources and efforts together will enable the District implement its planned activities without duplication of effort.

This LGBFP will therefore continue to serve as a tool for increasing the linkage between the DDP, the Annual Workplan and the Annual. The agreed on priorities are a culmination of a long process involving consultations with the Parish development Committees, Sub County and District Technical Planning Committees, and the various Committees of Council, the District Executive Council and the General Council, notwithstanding the contribution of our Development Partners both Local and International.

I would like to thank all stakeholders who have supported this process in one way or the other and urge that they remain committed to supporting implementation of the planned interventions as highlighted in the three documents namely the DDP, AWP and the Budget.

For God and My Country.

During first quarter, district received UGX 23.483 million as receipts showing 49% of plan for the quarter and 12% of the plan for the Year. The low local revenue performance is attributed to the low returns from subcounty markets, some people especially in Irriri subcounty refusing deliberately to pay and ending up in the police, laxity on the part of subcounty staff to mobilise local revenue. The district realised a total of UGX 2.654 billion within the first half of the financial year constitut

#### Planned Revenues for 2016/17

In the Financial year 2016/17, the district anticipates to raise a total of UGX 200 million of local revenue. This is slightly above the current year's figure by 6% because a little more is expected from land fees since the physical planning of the district headquarters land has been completed, People and development partners are expected to move there and acquire land. ### *Planned Expenditures for 2016/17*

In 2016/17 FY, the District anticipates a total revenue forecast of UGX11.735 billion showing a 4% increase in the IPFs especially the Educational sector conditional grant non wage as compared to last years budget to finance both recurrent and development budgets though there was also a decrease in the IPF for PRDP. This is expected to be raised from three District revenue sources that is, Local revenue, central government transfers and donor funding.

### *Medium Term Expenditure Plans*

In the medium term, Napak district aims at providing adequate health services within a reachable distance to the communities, fully housing all health workers and teachers in stations of work, build classrooms in all schools, improving and maintaining road network within the district, provision of water sources within reachable distances to the communities.

### **Challenges in Implementation**

The low local revenue base remains a big challenge in the implementation of planned activities fully, unless the roads in the hard to reach parts of the district are improved provision of services to those communities remains a challenge especially during rainy season, there is also a challenge of shortage of transport facilities that may hinder the effective supervision of works in the subcounties, at times donors do not respond to their promises and this therefore may constrain the implementation.

## A. Revenue Performance and Plans

---

The district realised a total of UGX 2.525 billion within the first half of the financial year constituting 32% of the total expectation from central government. This is below the 50% expected by this time of the FY because other government transfers did not perform well.

### *(iii) Donor Funding*

Donor funding by the end of September stood at UGX 98.163 million which represents a 16% performance. This poor performance is due to many of the partners not responding to their obligations.

### **Planned Revenues for 2016/17**

#### *(i) Locally Raised Revenues*

In the Financial year 2016/17, the district anticipates to raise a total of UGX 200 million of local revenue. This is slightly above the current year's figure by 6% because a little more is expected from land fees since the physical planning of the district headquarters land has been completed, People and development partners are expected to move there and acquire land.

#### *(ii) Central Government Transfers*

Central Government Transfers forecast is anticipated to be UGX 10.840 billion in total for both recurrent and development expenditures. This is not much different from the current year's figures since the IPFs have not changed much.

#### *(iii) Donor Funding*

The district expects to receive total of UGX 695 million from Donors and this expectation is increased as compared to the one the previous Financial year.

The management and administrative support services intends to Offer administrative and support services to the district council, Support supervision and monitoring of government activities. The Human Resource section is responsible for Capacity development of staff and ensuring the necessary equipments for work are availed through retooling. This enhances effective and efficient delivery of social services to the people of Napak. Information section will handle dissemination of district and govern

### (iii) Details of Off-Budget Activities carried out by NGOs, Central Government, the Private Sector and Donors

Administration is working with some development partners to functionalise the internet services, and also connect the main grid of electricity to the district headquarters. We are also sourcing motorcycles for sub counties for sub counties from UNICEF.

### (iv) The three biggest challenges faced by the department in improving local government services

#### 1. Emerging new resettlements

The Population of Napak has moved to new fertile areas and in these new areas, government facilities are lacking, there is need to create new administrative units to cater for the new emerging resettlement areas.

#### 2. Lack of Transport

The department of Administration lacks transport for monitoring and supervising government activities in the sub counties and institutions. There is need to avail a vehicle for County Administration.

#### 3. Lack of Staff Accommodation at District Headquarters.

The new district headquarters lacks accommodation for staff; staff commute from distant areas of Moroto, Kangole and Matany this affects time for reporting and departure from office. Little time hence forth is spent at office affecting output.

### ***Workplan 11: Internal Audit***

#### *2. Under staffing*

The department is currently manned by only two technical staff despite having three technical staff. The third staff has been posted to the Lower Local Government under Finance department.

#### *3. Lack of Computers*

The department has only one desk top computer which is being shared by more than four staff. A Laptop computer for the Head of Internal Audit is very necessary to smoothen the operations in the department.
