All Local Government Accounting Officers

SUPPLEMENTARY FUNDING FOR FY2018/19

Reference is made to several letters from some of you requesting for supplementary funding under the categories of External financing, Other Government transfers and Local Revenue funds.

However, we have noted the following from most of the submissions made;

- i. There are no resolutions from respective Councils approving supplementary funding
- ii. No indication of charge accounts where the supplementary required should be loaded.

The purpose of this letter is to request you to resubmit requests for supplementary funding clearly indicating the charge items and with copies of council resolutions or Council Minute extracts approving supplementary funding.

By copy of this letter all Accounting Officers of Central Government votes with external financing and Other Government transfers are requested to provide information on projected funding for External financing and other Government transfers to Local Governments to facilitate preparation of the supplementary funding.

These submissions should be made to this Ministry by Wednesday 26th September 2018.
